## Autumn Newsletter 2014

Central Boston has been given the status of a Big Local area from the Big Lottery Fund. This will ensure that the area receives at least £1 million of funds over the next 10 years for residents, local groups and organisations to make our area a better place to live.

## WHO ARE THE KEY PEOPLE?

### You are!

Unlike lots of initiatives this is about putting residents in charge.

## GETTING STARTED

To get started an interim steering group of local volunteers has come together to ask residents how we can help make our area an even better place to live, work and play.

Over the last 18 months, we have been listening to you and have taken on board your suggestions to make a lasting positive difference to Boston.

The Steering Group have identified your 4 main priorities:

**Improving Health and Wellbeing**  
**More attractive environment**  
**Greater Community Spirit**  
**Encouraging Enterprise**

We now want to ensure that we have not missed anything by talking to you again, please come along to the Age UK Community Room on Thursday 16th October 2014 from 1pm—7pm and tell us what you think.
