In writing your activity plan, please keep in mind the vision and values of Boston Big Local, that this is a resident led 10 year programme to help make the area an even better place to live and that all proposals are considered by the resident partnership group.

**AIMS OF ACTIVITY:** Provide opportunities to improve residents' health and wellbeing through providing an environment where children can use their imagination and lead their parents and practitioners into the world of exploration and adventure.

### DESCRIPTION OF ACTIVITY

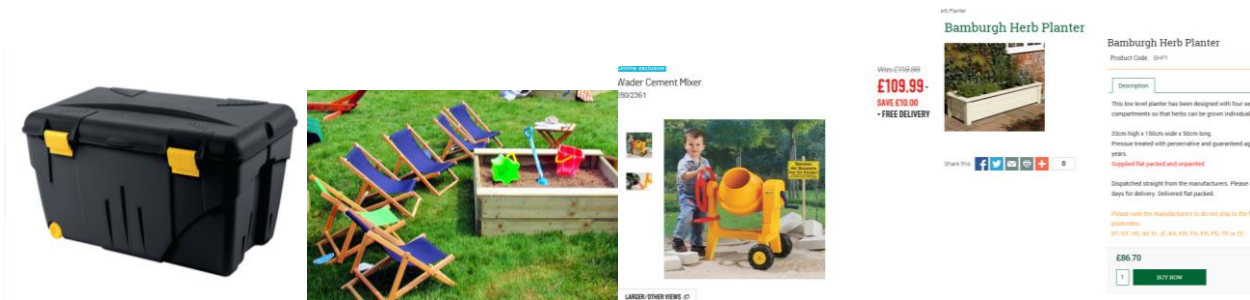

#### Plan for Boston Children's Centre, Norfolk Lodge, Norfolk Street Boston PE 21

Boston Children's Centre is a one stop shop for families with children under the age of 5, although older children do access the activities during the holiday periods. The building is used for many activities, including health development checks, training on health and well-being for parents, which includes information on healthy lifestyles and healthy eating from weaning to adulthood. Also available are counselling sessions. These are not just available to adults, but children alike as we try to support a person's mental wellbeing as well as their physical wellbeing.

In the reach area for Norfolk Lodge there are 2452 children (according to the 2011 census) of which 1956 are registered with us, and on a quarterly basis 1126 attend some type of session (including nursery or day care provision). Families who bring their children into Norfolk Lodge on a monthly basis mean we reach approximately 100 children per month within the centre alone.

At the back of the building is a play area that if funding were available I would love to make into a 'Magical Experience' for our children. The area presently is given over to high raised (adult level) flower planters along the fence sides with shrubs in them. There are a couple of sheds and a slide. Whilst resources are available such as toys and outside cycles and barrows what would make it wonderful would be if we could transform one shed into a 'play shed' that can change with the seasons from being a 'Bob the builder's' workshop, to a flower shop, vegetable stall, etc. etc. allowing the child to use their imagination to use the provided resources to lead play. Also it would be beneficial to be able to have flower beds at a child's level for digging and planting, for them also to be accessible from all four sides so more children can access together.

In order to manage the new equipment we would need to purchase at least 3 heavy duty wheeled trolleys with brakes so the equipment can be moved around the garden as required and then stored back in the shed. It would also be brilliant to be able to make a 'beach' area next to the sandpit with small child size deckchair.

Due to the high numbers of families who attend Norfolk Lodge Children's Centre that have English as an additional language roll play is the perfect way to get children to play alongside each other, sharing, socialising and learning through play. Boys in particular start nursery school with their personal and social ability behind that of girls. We would therefore look at purchasing heavy duty construction type toys to help develop their skills, an example is given above.

If we were successful we would look to volunteers and other organisations to spend a day transforming our outdoor space into an area for imaginative play. Once created, it should last for many years.

This is how it looks today

Description	Cost per Item	Number required	Total Cost
Planters	£109	3	£327
Wheeled trolleys	£46	3	£138
Children's deckchairs	£20	8	£160
Outside play equipment	Various		£1375
Bespoke shelving for shed including labour	unknown	Approx. 4 shelves	£500
Various lengths of guttering and pipes for water play			
Free standing board to attach pipes to, so brick work not damaged			
		Total	£3000

This is a list of resources we are hoping to source to support our Outside Space Project.

Please also see Appendix 1

### TIMESCALES

The project would revitalize the outside space and would be carried out throughout the summer period of 2015.

## **EXPECTED OUTCOMES OF THEME AND PRIORITY:**

This would mean families would be able to access the area for play, singing and physical activities aiding both a child's development skills, communication, but also parental mental wellbeing, and appreciation of the outside area.

## **EXPECTED OUTCOMES OF ACTIVITY (how much activity, how well and what difference)**

- Children learning through play (developing hand eye coordination)
- Imaginative play environment particularly for boys to support school readiness
- Parents socialising in a more relaxed atmosphere (helping mental wellbeing and isolation)
- Parents (some living in houses with multiple occupancy) being able to access a safe environment

## **MONITORING & REPORTING**

Brief quarterly reports advising on progress towards outcomes will be submitted

## **OTHER FUNDING AND GIFTS IN KIND**

Whilst no cash funding is available, match funding in the guise of venue use and practitioner and management time will be. Some resources are already available in the centre and would be used to enhance the new facilities should the funding be made available.
