Project Progress

During this reporting period, we delivered 2 multi sports courses. 1 during Easter half term and 1 during the Whitson period.

During the 2nd Easter date, we had 42 attendees. During the day children were split into groups and created their own games, with the two winning teams' games being played in the afternoon by all! They also played a variety of sports including futsal, dodgeball, hockey, benchball and tag games.

During the May half term date we had 37 attendees. On this day, despite the downpour we had a lot of fun playing a variety

of sports, including some new games like Hungry Hippos, Noughts and Crosses and Indoor Hockey and rounder's.

All attendees across the two days were aged between 5 and 12. Out of the 62 individual attendees we saw, 43 of these were males and 19 were females.

Following the courses, a couple of the parents of the children, who attended over the days uploaded a review onto our website which shows the children really enjoyed the days.

Recently we had a meeting with Rachel Lauberts from the Boston Big Local and she identified that although we have been engaging with a number of participants we are not targeting enough people within the Boston Big Local area. For the next reporting periods, we will look to organise a flyer drop to houses within the big local area to try and encourage more participants. We already flyer drop in all schools in Boston but we could look to promote courses more within schools by potentially offering free taster sessions within schools that would hopefully encourage more to attend outside of school. We will make sure moving forward we will send all relevant correspondence to advertise on the Boston big local website and social media sites. We will also look to get more feedback from both parents and participants from the multi sports days, which we can use to meet the needs of the participants as well as use for advertising purposes.
