Project Progress

During this reporting period, we ran 1 multi-sport fun day during February Half term. We had 37 attendees, ranging from ages 5-13. There were 10 females on the day with 27 males attending. Kids were split into 3 groups and rotated around the different activities, taking part in sports such as Dodgeball, Hockey, Football, Basketball and Cricket. Some of the comments we have received from parents include:

“Thank you very much. Kai loves coming... strongly recommend the fun days to any parents and their children”

“Carter loved the day he attended, I will be booking in next half term”

“Thanks for a great day, Jack really enjoyed it”

Following the conclusion of February half term, this brings us to the end of our reporting for the first year of the new funding period. Throughout this year we have had a throughput figure of 235 children attend the multi sports fun days. We will look to capitalise on this figure and try and increase this number next year. Which will also include attracting more attendees form the Boston Big Local area.

Plans for next Reporting Period:

The plan for the next reporting period, is to run 2 multi sports fun days at Easter and 1 at May half term. We made the decision to put dates for both Easter and May on the same flyer to try and encourage people to get booked on early and increase the numbers. In Easter, we will be delivering our usual multi sports games, mixed in with some Easter theme

games and Easter egg hunts. We have dropped flyers off in all schools within the Boston area and have advertised the sessions in the Boston Borough council Easter Fun brochure. As well as advertising the courses through our matchday programme and community newsletter.
