

Theme 4	Encouraging Enterprise
Priority 1	Support Residents in Financial Difficulty
Report code	4.1.2
Activity 2	Developing and supporting the Credit Union Access Point.

Present situation

The Access Point continues to operate from the main offices of the old Boston Mayflower Ltd, now known as the Lincolnshire Housing Partnership, in Boston. It is operated by 5 local volunteers and continues to open for 2-part days per week: Tuesdays from 2pm to 4pm and Thursdays from 12pm to 2pm.

Strategic support is provided by a member of the board of Lincolnshire Credit Union, and by staff in the Lincoln office, when required. The main office in Lincoln can deal with e-mail or telephone enquiries on weekdays from 9am until 4pm.

The ability to join via our website has proved popular generally and is being used increasingly by people who may be unable to attend the Access Point in person or visit the Lincoln office. A web-based loan application form is now available for the use of existing members. The new prepayment debit card 'The Change Account' is proving popular with people who may have difficulty in opening a bank account or who may need some support in managing their money. Data relating to members who have applied for this account will be provided to the credit union on a quarterly basis. LCU has recently received data from The change Account but we have not had the change to analyse it and see how many members of the BBL area has joined.

A mobile app is being tested to increase access to potential or current members to the services provided by the Lincolnshire Credit Union. Notwithstanding the improved access available to users of the internet and the imminent availability of the app our staff in Lincoln continues to direct people to local Access Points where these are convenient for the enquirer.

Activities Undertaken

What are Credit Unions?

Credit Unions have been putting their members first and providing them with the financial services they need since 1964. There are now nearly 400 in Britain which together provide responsible savings and loans to over 1 million people and look after over £1 billion in assets.

Credit Unions work to benefit their members, helping to provide communities with affordable loans and savings products and by promoting sound money management.

They are authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority.

Credit Unions are financial co-operatives owned and controlled by their members.

Why deposit funds with the Credit Union?

- ✓ Anne suffered a financial set back when her car broke down last year. Needing a quick repair the Credit Union stepped in to offer her the support she needed.

"When my car went up the creek the Credit Union was there to help. I was able to get a quick loan with easy affordable repayments. If it wasn't for the credit union I would have been stuck without a car with no way of getting to work."

"The Credit Union is a fantastic service and can even help people with bad credit history. If you're prepared to save you will gain access to more loans and it is a fantastic incentive to save more."

"My wife and I have been saving for a small holiday and we didn't have quite enough as our budget is very tight. We borrowed £200 from the Credit Union. The interest rates are very low and we would not have been able to borrow this small amount from anyone else at such low rates."

Planned Activities

- ✓ LCU will provide a tablet to the Access Point so our volunteers in Boston can help the members to complete the joining/loans applications forms online and send us copies of IDs through email, making our processes quicker for the member.
- ✓ LCU will train our volunteers when the Lincolnshire Credit Union online banking app is running so they can help members in the area to download or use it.
- ✓ LCU will invite the members within the BBL area to be the first wave of members to use the new mobile app and to answer a short survey. The survey aims to ascertain what the benefit of these members having an account with the credit union and to encourage engagement with them.
- ✓ The Business Development Officer will visit Framework in Boston to deliver a presentation and introduce a volunteer from the Boston Access Point. In that way, the service users of Framework can know about the Access Point in Boston.
