The project has moved on a great deal and the design and format for presentation has been translated into areas of work. All members are involved.

The work will be presented in the form of a large book. This means the work can be taken to different venues and is interactive.

We have the ideal opportunity to launch our Book as it will be exhibited throughout the Festival of Creation in Boston Stump this July.

We have had two workshop at The Len Medlock Centre giving members the opportunity to continue with their section of the project and to plan the next pieces ready for the making up. The BOOK will be ready for display in the Stump and members will be on hand throughout the Festival to speak to visitors.

Responding to requests we now manage and facilitate two groups, meeting at Bicker Village Hall – The Boston Stitchers and Boston Stitchers Too. Boston Stitchers meet on the 4<sup>th</sup> Friday morning of each month, with Boston Stitchers Too meeting on the Thursday evening before the Friday meeting. This ensures those people who work during the day or have caring commitments, can join us. We have met face to face since September and have had excellent attendance at both sessions.

## **2. Community involvement.**

We have been able to expand this greatly through Facebook, Boston More in Common and by direct contact over the phone. We also now have a very colourful and inviting website. Everyone taking part has been recorded and will be recognized in the credits.

**NEXT STEPS** In September we will begin planning the next stage. How our work is received at the Stump and by the wider community will inform this next stage.
