

BOSTON BIG LOCAL

Project:		Public Realm Improvements	
Lead delivery partner:		Boston in Bloom	
Theme:	Creating a more attractive environment	Priority:	2
Activity:	Removal of Five Lamps, renovation works and re-siting in Central Park and works associated with making good the removal site.		
Cost Code	2.2.2		
<p>EXPECTED OUTCOMES OF THEME AND PRIORITY:</p> <ul style="list-style-type: none"> • The Lamp is in poor condition. It will brighten up the park by its installation and rewiring. It is an important part of Boston's recent history, and with the connection to the park already (The donor to the Borough Cllr Day donated the park gates too) it is a fitting place for it to go. • We will use local firms for the repairs and installation. With luck the firms may have young apprentices who will be able to learn blacksmithing skills necessary for repair of the iron work. • The Lamps belong to the Borough but have been neglected. As part of Central Park it will be regularly seen and serviced and saved for Boston residents. 			
Reporting period dates:	October to December 2022	Number and age of people benefiting from the project during the reporting period:	Wide benefit – significant impact on both residents and visitors
<p>Introduction</p> <p>Aim: - With the importance of the Five Lamps to Boston and the revival of Central Park, it will be a lasting contribution by Boston Big Local and Boston in Bloom to the public realm work of both organisations.</p> <p>Activities undertaken during reporting period Our pre application has gone into the Borough Planning Office and has been considered. We now have the details of what is needed for the full planning application. There is a lot of work to do on this. We are also looking for the engineers who are capable of carrying out the work on this listed lamp.</p>
