

PLAY AREA ST JOHN'S PARK BOSTON

Report written by Frances Taylor
Play, Event and Physical Activity Officer
Boston Borough Council
July 23

After several months following Boston Borough Council tender and procurement process a provider was awarded the contract for improvements for four play areas in Boston which are Central Park, Woodville Road, St John's Park and Garfits Lane.

The provider is Kompan and with over £150,000 of works to be completed Boston can look forward to seeing some exciting new play opportunities.

The work on the four play sites will start with Central Park on 17th July in the hope that this site will be completed by the start of the school summer holidays. New equipment will be a Little mermaid and Ugly Duckling unit, a four way springer water lily, a large horse springer, newly laid turf area complete with picnic tables and new seating.

Next will see a new Pirate Ship installed in Woodville Road.

Then the three part ship in St John's Park

And finally two new Table Tennis Tables in Garfit's Lane.

Boston Big Local has supported this project by awarding £25,000 toward the new equipment for St John's Park for which we are most grateful.

KOMPANI
Let's play

The fairy tales of Hans Christian Andersen - The Little Mermaid, The Ugly Duckling and The Tinderbox - are loved by children and adults all over the world! The SMART Playground® The SMART Playground consists of 3 themed play areas:

THE LITTLE MERMAID

1. The Little Mermaid playground structure has two slides to give children a choice of slides. The slides are made of high quality polyethylene and are safe for children to play on.
2. The Ugly Duckling playground structure has a slide and a platform for children to play on.
3. The Tinderbox playground structure has a slide and a platform for children to play on.

Children can slide down the slides. Play areas are designed for the children to play on. The SMART Playground is a safe and fun play area for children.

Woodville Road Play Area is a ground level play platform with a variety of play activities including climbing, sliding, and role play. It is designed to be inclusive and accessible for all children, including those with disabilities. The play area features a large red pirate ship structure with cannons and sails, a rock track ride, and a glide structure. It also includes a ground level play platform with various play activities. The play area is located at Woodville Road, Boston Borough Council.
